

Peter David Stuart

PERSONAL PROFILE

Hi, I'm Peter, a hardworking computing student who has developed an excellent knack for problem solving. Through my many academic group projects I have experienced great team working ethics and I have applied my own leadership to ensure my team accomplishes the best mark possible. I enjoy working with others and I successfully use my communication skills to adapt to any working environment.

TRANSFERABLE SKILLS

- Top quality computer literacy and great knowledge of a majority of Windows applications
 - Further computing skills include experience with many programming languages, such as: Java, C++, and JavaScript
- Excellent problem solving skills which have been utilised in many of my academic projects
- I pride myself on my analytical and critical thought process that has allowed me to achieve the high standard of academic grades throughout my time in education
- I have gained the respect of my manager and colleagues at work due to my fine attention to detail and punctuality

EXPERIENCE

02 Academy Music Group, Newcastle-upon-Tyne – Bar Staff

September 2021 – Present

- Working as bar staff I have gained experience in the hospitality industry by being a core member of a work force dedicated to serving some of the biggest gigs in the North East
- I have been able to use teamwork, in a positive work environment, to ensure customers are left satisfied and happy at each gig
- My numeracy and social skills mean that each order is put through with precision, and accompanied by a smile. Even in sold out events I have been able to use hardwork and dedication to power through each queue
- **For reference see Jim Smith below**
